Endnotes

1. Population

1.1 & 1.2 Due to the use of regression modelling, the sum of columns may not equal total given. In addition, population estimates do not include approximately 200 RCMP and military personnel living in Yukon who do not subscribe to the Yukon Health Care Insurance Plan.
1.2 *Other* includes communities such as Champagne, Elsa, Johnson's Crossing, Keno City, Stewart Crossing & Swift River.
1.4 Migration estimates are based on both international and interprovincial movement into and out of Yukon, as well as returning emigrants, temporary emigrants and non-permanent residents.

2. Employment

2.1 Yukon figures are rounded to the nearest hundred; because of this, figures may not sum to totals. Monthly figures from the Labour Force Survey are three-month moving averages based on 92% coverage and are seasonally adjusted, which refers to the technique of adjusting raw figures to remove seasonal movements; however, annual figures are unadjusted.
2.2 Yukon, Northwest Territories and Nunavut are not included in the Canadian unemployment rate.
2.3 *Public Employees* includes federal, territorial, First Nation and municipal employees. Yukon figures are rounded to the nearest hundred; because of this, figures may not sum to totals. All monthly Yukon figures from the Labour Force Survey are three-month moving averages based on 92% coverage.
2.4 & 2.5 Unclassified businesses' employees are excluded, as well as those enterprises primarily involved in agriculture, fishing and trapping, private household services, religious organizations, and military personnel of defense services.
2.6 *All types* includes people receiving regular, work-sharing, fishing, and special benefits. *Regular* benefits include people receiving regular income support benefits, whether or not they are participating in one of three employment benefit programs, namely Skills Development Program, Job Creation Partnerships Program, and Self-employment Program. *Special* benefits includes people receiving sickness, maternity, parental, and compassionate care benefits.
2.7 A value of "0" represents one of the following: 1) value is actually zero; 2) value may be rounded to zero; or 3) value is more than zero but is suppressed for confidentiality reasons. Communities are displayed by census subdivisions (2006 Census boundaries). For some communities, census subdivision boundaries may not align with municipal bountaries.

3. Consumer Prices

3.1 & 3.2 The Consumer Price Index (CPI) measures price changes over time but should not be used to compare costs between provinces and cities. As of the May 2011 CPI release, the weights of various items in the basket of goods and services used to calculate the index have been updated from 2005 to 2009.

4. Trade

4.2 *Total* includes additional North American Industry Classifications (NAICS) data which are not displayed, including: Motor Vehicles and Parts Dealers; Electronics and Appliance Stores; Sporting Goods, Hobby, Book and Music Stores; General Merchandise Stores; and Miscellaneous Store Retailers.

5. Rental Units

5.1, 5.2 & 5.3 Effective March 2012, the Yukon Rental Survey now covers buildings with three or more units. Rentals with less than three units (such as houses, suites and duplexes) are not included in the survey. Any figures published prior to 2012 are not strictly comparable to subsequent figures.

6. Real Estate

6.1 *Total* includes family lots and multiple-residential sales, which are generally too low to release due to confidentiality requirements, and non-residential sales (commercial and industrial properties). For further explanation, contact Yukon Bureau of Statistics.
6.3 *Total* includes family lots and multiple-residential sales, but excludes non-residential sales (commercial and industrial properties).
6.5 *Bank Rate* figures are from the last Wednesday of the month.

7. Construction

7.1 Rounded data may not sum to totals.

8. Resources

8.1 All prices are in US dollars. Prices of gold and silver are a.m. fix prices at month-end. Prices of lead, zinc and copper are London Metal Exchange "cash seller" prices at month-end.

9. Transportation

9.1 As of September 2012, all aircraft movement figures, with the exception of Whitehorse, are now received from Yukon Highways and Public Works, Aviation Branch. As such, data published since September 2012 cannot be compared to figures in earlier issues of the Yukon Monthly Statistical Review.
9.2 This table only includes persons entering Yukon by land at Canada Border Service Agency points of entry. Travellers entering Yukon through all other roadways are excluded, as are persons entering by air and water. Although there is no permanent Canada Customs land point of entry in Dawson City, special annual international events between Yukon and Alaska, namely Yukon Quest and Trek Over the Top, require participants to cross the border by land. For border crossing purposes, participants in Yukon Quest are counted as pedestrians while participants in Trek Over the Top are counted as crossings by automobile. *Please note:* Fraser and Pleasant Camp border crossings are included in totals even though there is the possibility that these persons may never physically enter Yukon.
All Other Travellers comprises residents of all countries, except the United States entering Yukon by land at Canada Border Service Agency points of entry, including: Yukon residents, other Canadian residents, and other foreign residents.
